

Deliverance From Worldliness

I am going to be praying against *worldly/demonic* music and deliverance prayer from any spirits who influence you to listen to it, or who came in through it.

This music, which demons are making through people, their end goal is for you to live a sinful lifestyle. This is what is attached to a big part of the worldly music that is being made nowadays.

You should not be listening to any song that is not directly Christian, or which is inherently demonic. There can be some music that is neutral, but don't take that as an excuse. For instance, even country music, a lot of it, is using Gods name in vain. There is a lot of music that appears neutral, but really is not. A lot of the beats that are associated with this music is demonic as well. There is witchcraft and spells that have purposely been put on this music to put you in a trance and seduce you spiritually.

There is a lot of negative repercussions behind it. The reason why a lot of it is so attractive is because of the lustful and euphoric feeling associated with it. This is a demonic manifestation that your body is liking it, and hopefully you like it less once you realize that.

We should be far from caring what the celebrities of this world are doing. Many of them will have a religious experience and then claim that they are of God and act goldy to deceive you; To make Christians think that it is okay to follow them because they're "Christian" now. Most of the time this is a deception, and you must not get caught up in it.

Have a repentant heart and faith towards God. You need to be willing to give up your sin as well as any demonic behavior.

Father, I thank You for my brothers and sisters, and I pray for their deliverance. Show them the truth and convict them concerning any demonic music they have or are listening to.
