

# Demons From Traumatic Events Cast Out

Today, I'm going to be praying for your deliverance from traumatic events that have taken place in your life.

We're going to be praying against demons that came in through trauma. I believe that demons, one of the number one ways that they come in, is through traumatic events. Traumatic events during childhood, and various kinds of trauma.

Most people, if not pretty much everybody, has gone through some kind of traumatic event that has opened a door to the devil. This could include, you know, having an abortion, divorce, abuse when you're younger, any kind of different abuse, rejection, abandonment. I'm going to be praying against all kinds of different demons that came in through abusive situations.

If you've ever had any traumatic situations, you can receive deliverance in the name of Jesus. Many times, there's emotional problems or there's internal anger and resentment built up, or there is even pain in the body, pain in the soul that has come in through these different traumatic events.

Today, every demon connected to traumatic events will be cast out in the mighty name of Jesus. Please pray this prayer with me.

*Father, I come before You in Jesus' name. I ask You, Lord, to deliver me. I renounce all demons that came in through trauma. I let go of all bitterness, hurt, and resentment. Please heal my soul, Lord, from any traumatic events that have happened. And I pray in the future that I would respond properly to trauma. So, I renounce Satan and all of his demons now in the name of Jesus. Amen.*

Now, I'm going to pray for you in the name of Jesus, and you just receive from the Lord.

Father, in the name of Jesus, I thank you for my brothers and sisters. I thank you for the listener of this video. Father, I pray that they would already begin to receive deliverance. I pray that the anointing of the Lord would fall upon them and break every yoke in the name of Jesus.

I specifically want to address demons that came in through childhood trauma, demons that came in through rape, molestation, verbal abuse, physical abuse, trauma spirits that are lodged in the mind, that are lodged in the subconscious mind, and hidden deep down in the soul that have come in through trauma during childhood.
